

Dear Patient:

On March 27, 2016 a new law will take effect in New York state which makes electronic prescribing mandatory for all practices. This means that paper prescriptions will no longer be accepted. We will make every effort to electronically submit your prescriptions by the end of the day on the day it is requested, although this cannot be guaranteed.

Please fill out the required information below so that we can comply with this law and get you your prescriptions as efficiently as possible.
